**Our guest speaker is Mr. Ian Anderson , President — Kinder Morgan Canada**

Mr. Anderson will speak to Kinder Morgan's opportunities to expand utilization of its Burnaby Westridge Oil Terminal as Canada seeks to diversify its oil export interests.

Mr. Anderson who is based in Calgary, is President of Kinder Morgan Canada, a business segment of Kinder Morgan, one of the largest pipeline transportation and energy storage companies in North America. His responsibilities include providing executive leadership to Kinder Morgan's operating, growth and corporate responsibility in Canada. His current role in the oil pipeline sector in Canada is providing the company with the opportunity to participate in what is becoming one of the most competitive and growing segments of the energy economy.

Mr. Anderson is a Certified Management Accountant and a graduate of the University of Michigan Executive Program. He has extensive experience in the energy sector in Canada having provided executive leadership in the areas of finance, regulatory affairs, marketing, business development, strategy development and human resources. He is a board member of the Canadian Energy Pipeline Association and a member of the Association of Oil Pipe Lines. He was recently appointed to the Task Force on Carbon Capture and Storage established by the governments of Alberta and Canada.

Kinder Morgan owns an interest in or operates more than 38,000 miles of pipelines that transport primarily natural gas, refined petroleum products, CO2 and crude oil; and approximately 185 terminals that store, transfer and handle such products as gasoline, ethanol, coal, petroleum coke and steel. Kinder Morgan has an enterprise value of approximately \$65 billion.
